VT-ESL01-50WB30A1-50K	51.5" x 12" x 2.25"			6,300				

Product Description:

Vootu's new and innovative solar area lights combine cutting edge technology to provide the first of a kind lighting solution that does not require the expense of grid power. Using high efficiency LED diodes and a mono crystalline solar panel to collect and store electricity in an onboard Lithium Ion battery pack this is truly a standalone lighting solution for large area illumination. With a 2 3/8 slip fitter, fully articulating fitting this light can be directed towards the intended area.
