

Product Specifications

Product name	Rotatable Solar Flood Light w/ sensors
Part No	LD-SFL-10W-Leadpad
Dimensions	11.8x8.46x1.25"
Weight	3.5 lbs.

Technical Characteristics

Input Power	10W
CCT	6000K
Lumens	1080
Beam Angle	90°
Detection Angle	180°/<26 ft.
Waterproof Rating	IP65 - Waterproof

Materials

LEDs	SMD2836*60 PCS
Battery	Li-ion 18650/3.7V/8000mAh

Product Description:

360° rotatable fixture with automatic movement sensor. Light automatically turns on at dusk at 20% brightness. When motion is detected, light illuminates to 100% full brightness. After 30 seconds of no-motion, light returns to 20% brightness until dawn. Ion Battery is replaceable.
